LOCAL NOTES.

Silver is quoted at 65 1/2.

M. H. Harwood of Gila Bend was last week sentenced to serve ninety days in the county jail for stealing a fifty cent piece.

Theo. Metz, the well known soda manufacturer, was in town yesterday looking after his business interests here.

The number of poker games that appear to flourish about town does not indicate that money is scarce. All night games are not unusual.

Chief Wiser yesterday escorted seven tramps out of town. The tramps had fairly landed in town before they were spotted and told to move on. A strict watch is kept for this class of emigrants and are given a very cold reception.

The statement is made that the Reginald Lumber company will rebuild at Williams on the old site. This will mean the recalling of the force of 250 men employed by this mill before its destruction by fire.

A telegraph line between Bisbee and the San Bernardino ranch, has been completed by Captain W. A. Glassford. It is forty-five miles in length; a troop of cavalry and a company of infantry are stationed at the latter place.

Thanksgiving day was quietly observed in Tombstone. There services at the M. E. Church in the evening by Rev. Roberts were appropriate to the day, and was listened to by an attentive audience.

The Los Angeles Express says of the rush for Randeburg: "Most of the men are 'old timers,' and many of them have been in every mining excitement from Pike's Peak, Pioche, White Pine and Virginia City, down to Bodie and Tombstone."

LOOK OUT FOR HOBOS!

300 Tramps is Said to Be on the Way over the S. P.

The Tucson Citizen says: Tonight it is said that a gang of between 200 and 300 tramps will meet here. Some are coming from California and are en route east, the others are from east and are headed westward. Their last rendezvous was El Paso. According to the information given out by the brethren, a stop is to be made here by both parties and a union of the forces take place. There is fine material for a chain gang in the jail now and should be made use of.

If it be true that so many arrive here tonight it will tax the best efforts of the city authorities to take care of them. They are said to be a well organized and dangerous gang. Citizens will do well to keep a look out for them.

Free Pills.

Send your address to H. E. Becklen & Co., Chicago, and get a free sample box of Dr. King's New Life Pills. A trial will convince you of their merits. These pills are easy in action and are particularly effective in the cure of constipation and sick headache. For malaria and liver troubles, they have been proved invaluable. They are guaranteed to be perfectly free from every deleterious substance and to be purely vegetable. They do not weaken by their action, but by giving tone to the stomach and bowels greatly invigorate the system. Regular size 25c. per box. Sold by Tombstone and Bisbee druggists.

W. C. Archer, late president of the Arizona policy company, has gone and great is the grief thereat by mourning creditors. Mr. Archer had been here for about two years and by his quiet gentlemanly manners had made many friends. To say that they are surprised is to but half say their feelings in the matter. Two attachments were filed on his household property yesterday. He is said to be in Mexico.—Citizen.

Holland Herring, Limberger Cheese, and Sauer Kraut, at HOEFLER'S.

WANTED TO QUIT.

Two Who Wanted to Shuffle off the Mortal Coil.

Yesterday evening a Mexican senator sought to break away from this mundane sphere and accordingly dosed herself with Corrosive Sublimite taking enough to kill a regiment of soldiers. Before the deadly drug had taken effect the doctor was summoned and giving her a powerful emetic rescued her from the brink of the final step-off. She is now all right.

Last week another attempt at suicidal destruction was made by a down hearted soiled dove in the upper end of town but the stomach pump brought her to terra firma, and the coroner, who had been summoned, was cheated out of a job. At last accounts the party had become reconciled to earth and will sojourn a while longer.
